

India: Uttaranchal Urban Development

Project Name	Uttaranchal Urban Development				
Project Number	38272-012				
Country	India				
Project Status	Closed				
Project Type / Modality of Assistance	Technical Assistance				
Source of Funding / Amount	<table border="1"> <tr> <td colspan="2">TA 4611-IND: Uttaranchal Urban Development</td> </tr> <tr> <td>Technical Assistance Special Fund</td> <td>US\$ 600,000.00</td> </tr> </table>	TA 4611-IND: Uttaranchal Urban Development		Technical Assistance Special Fund	US\$ 600,000.00
TA 4611-IND: Uttaranchal Urban Development					
Technical Assistance Special Fund	US\$ 600,000.00				
Strategic Agendas	Environmentally sustainable growth				
Drivers of Change					
Sector / Subsector	Water and other urban infrastructure and services - Urban policy, institutional and capacity development				
Gender Equity and Mainstreaming	Some gender elements				
Description	The objectives of the TA are twofold: (i) to support the GOU in preparing a project suitable for ADB financing that will improve urban environment and living conditions of urban residents-especially the poor-and enhance economic growth; and (ii) to strengthen the project management and implementation capacity of state agencies, ULBs, and utilities so as to ensure successful implementation of the investment project. The ensuing investment project is expected to blend urban infrastructure and services improvements with interventions for urban policy and institutional reforms and capacity building for sustainable urban service delivery.				
Project Rationale and Linkage to Country/Regional Strategy	Provision of urban infrastructure and services is the responsibility of urban local bodies in India. The efficient and sustainable delivery of these services requires proper institutional structure, delegation of more power and authority to local governments, adequate financial resources, and the support of national and state governments. The Government's policy as stated in the Tenth Plan, gives high investment priority to provision of basic civic amenities for water supply and sanitation, urban transport, poverty reduction, upgrading of urban slums, and institutional development.
